最喜欢的课程

one of my favorite courses is formal logic during my undergraduate period.I learned so much from this subject. It helped me understand things correctly （to acquire new knowledge ） and improved my logical thinking ability

在本科期间，我最喜欢的课程之一是形式逻辑。我从这门课中学到了很多。它帮助我们正确理解事物(获取新知识)，提高了我们的逻辑思维能力

压力面试：没录取怎么办

To be honest, I think I should be able to pass the retrial, because I ranked second in the preliminary examination(说一下自己的优势）. if I fail, It means that I still have some shortcomings.I must reflect on where I am having a problem and improve myself.

科研

①What do you think of doing scientific research?

First, we must have a large amount of knowledge reserve, in order to use the existing knowledge to solve the problem. Second, we must work hard and read a lot of literature. Finally, we must have a sense of innovation, in order to do valuable research.

首先，我们必须有大量的知识储备，才能利用现有的知识来解决问题。第二，我们必须努力学习，阅读大量的文献。最后，我们必须有创新意识，才能做有价值的研究

②谈一下你的科研经历

如果没有的话

unfortunately, I have no scientific research experience，because I think my current knowledge level can't make valuable/significant research results, and I choose to further study to improve my academic ability.

你为什么要考研

First ，

With the rapid development of the country （and the popularization of higher education）, the social demand for individual knowledge will gradually increase., it is necessary further study.

Second ，

studying in graduate school can improve my thinking and learning ability.It can also improve my knowledge and give me chances to make the acquaintance of many excellent people.

， and I can have more options in my future

你为什么报考这所学校

First, sun-yat-sen university is a remarkable school, and the Major in XXX of this school ranks high in the country, teachers in this school are also excellent and have a lot of scientific achievements. I'm deeply attracted by the academic atmosphere in this school, studying in this university can improve my academic background and personal ability. second，location is another critical factor promoting my decision，Guangzhou is relatively close to my hometown

third，I like the warm climate in Guangzhou.

自我介绍（我们学校只要求 1 分钟，如果要求时间更长，可以把报考学校和专业的原因加进去）

问侯 good morning dear professors，I am glad to be here for this interview.介绍 My name is xxx，22years old. I come from XX city, XX province. I am currently studying XXX in XX university

经历(When I first entered university，I took the placement test, then I entered the excellent class. During the four years in college, I have been the class commissary in charge of publicity.)（可以写自己的获奖经历、优势啥的，但我觉得英文的自我介绍，内容并不是特别重要，个人认为。如果面试老师会根据自我介绍来提问的话，说太多复杂的还可能给自己挖坑）

兴趣（In my spare time, I like reading books， writing calligraphy, dancing, and taking part in club activities.）

我没有在自我介绍里说我报考学校和专业的原因，这样面试的时候，老师问这两个问题的概率会更大一些，然后我就可以把准备好的回答倒背如流。只不过，没想到，我们这一年改成了考听力，没有英语问答，So sad。

围绕自我介绍的衍生问答

①介绍家乡

My hometown is a beautiful city, located in the northwest of XX province. There is a famous scenic spot XX mountain in XX, and there have been many famous people in the history of XX, such as XXX。

Although my hometown is not developed, I love it very much.

②介绍家庭

my family is very warm and harmonious， there are four people in my family， When I was young, my father often bought books for me, which formed my habit of reading.My mother often pushed me to study. I have a good relationship with my brother

Living in such a family, I developed an optimistic attitude towards life.

③介绍学校

My undergraduate school is XX university， although my old school is not as good as sun-yat-sen university， it is still a key university,（重点大学） I appreciate it because it gives me a chance to improve myself.

In college I learned to establish a knowledge system, which I learned from my teachers and classmates. At the same time, I not only gained knowledge, but also gained friendship.

④介绍兴趣爱好——爱看的书

One of my favorite books is one hundred years of solitude， which is Garcia marquez's masterpiece.

内容 This novel describes the legend of a family for seven generations.

意义 It reflects the changing history of Latin America over the past century.

This book is characterized by its unique writing technique and becomes a masterpiece of magical realism.

关于作者的信息

Garcia marquez was born in Colombia. He was a great writer and won the Nobel Prize for literature. His magnum opus is one hundred years of solitude, and in addition to that, he wrote a lot of great things, such as Love in the time of cholera.

个人优点

I am perservent and diligent,and I have strong self-learning ability, Just like in the process of preparing for the postgraduate entrance examination， I did not sign up for a tutorial class, but studied by myself， and finally， I ranked second in the preliminary examination.

缺点

I lack confidence,

I know it is bad for my study and work. I will try my best to improve myself and make full preparations in advance to become more confident.

一些凑字数的句子：

So that's my answer to that question.这是我对这个问题的回答

That's all I can think of right now.这是我目前能想到的

Frankly，I'm not prepared for this question.坦白说，我没有准备过这个问题（感觉自己可能回答不上来的时候，挽尊的托词，但还是要努力回答，不能说不知道。）

From my opinion.

Thank you for your question （表示礼貌，给老师留下好印象）

I didn't catch your meaning,could you put it in a simpler way.我没听懂你的意思，你能说得简单一点吗?（可以要求老师再说一遍的）

万能句式：

Improve comprehensive qualities 提升综合素质

Expand/enrich my knowledge 丰富知识

Learn to manage the time effectively 学会有效地管理时间
